NYSSBA Update suggestions discussed at meeting.

1230, Public Participation at Board Meetings (Note: policy recommended, update recommended)

We are revising this sample policy in response to some calls from our members, to reflect in greater detail the opinions of the Committee on Open Government and decisions of the Commissioner of Education. These changes address the kind of information districts can require speakers to give in order to speak at Board meetings.

Policy reviewed and is fine as is.

1530, Smoking and Other Tobacco Use on School Premises (Note: policy recommended, update recommended)

State law was recently changed (signed by the Governor 7/25/17) to prohibit the use of electronic cigarettes on school grounds. Our sample policy had previously included the option for Boards to prohibit this by policy. We have modified this policy to reflect that e-cigarettes are now prohibited by state law. We have also clarified the consequences for violations of this policy by reference to the Code of Conduct. Reviewed. Our policy already has the language included.

4526.1, Internet Safety (Note: policy required, update required)

We are revising the accompanying administrative regulation 4526.1-R (there are no changes to the policy) to reflect a change in the pertinent definitions for the federal Children's Internet Protection Act.

Regulation only. Superintendent to update.

5460, Child Abuse, Maltreatment or Neglect in a Domestic Setting (Note: policy required, update recommended)****

We are revising this policy (and the accompanying administrative regulation 5460-R) to reflect new requirements in state law and regulation related to posting the child abuse reporting hotline and directions to the Office of Children and Family Services' website.

Policy reviewed. Recommended changes. Policy to go for first read.
