Building Update

Mr. Jeremy Dukette and his team have done an incredible job preparing the building for the 2024-2025 school year. Their work continues and they are nearing completion.

Looking forward to:
Brock Fleishman
presenting Tupper Lake
Athletics on Facebook
to the Board of
Education in
September

Summer School Update

Many students, over fifty in grades 9 through 12, have taken advantage of the opportunity to recover course credit and prepare for the August administration of the Regents exams. With the ending of summer school on 8/16 and exams beginning 8/19, students are working hard to take advantage of these opportunities.

A small team of teachers is preparing to administer and score the exams, eagerly awaiting the results of the students' hard work and dedication.
